

Models

- 3,000 Children & 2,200 families experienced **17** newly created models of Jewish education
- Coalition models deliver better quality learning

Design

- Changed the way learning is designed
- Learning is relational, meaningful, personal and content-rich

Coalition

- 50 Congregations
- Leaders connected with colleagues around critical issues & innovation

Goals

- Educators & learners set learning goals
- In addition to knowledge, goals include action in the world, values & connections to others

Assessment

- Educators use tools to assess how children & families grow from the learning experiences
- Educators adapt learning based on assessments

Professional Learning

- Moved from one-shot workshops to ongoing, peer-led learning focused on creating effective educational experiences

2nd Tier Leadership: PLTs

- Teams of educators take the lead on professional learning and educational design

2nd Tier Leadership: CEs

- Thought partner, teacher educator, innovation champion --> increased networking and innovative models & experiments

Express Innovation

- Congregations quickly built teams and implemented new models
